

Innovations In Learning is offering a Parent Education Group

This group is specifically designed for parents of children with challenging behaviors and/or diagnoses of Autism, Asperger's, Mental Retardation, and other Developmental Disabilities. Parents will have the opportunity to network with other parents facing similar concerns. Emphasis will be placed on understanding why problem behavior occurs, behavioral principles used to manage problem behaviors, how to use principles of behavior to teach new skills, and how to implement positive teaching strategies in the home environment.

WHEN: Mondays, 6:15p – 7:30p, 8 Weeks
February 27-April 24, 2006 (no group Easter Monday, 4/17/06)

WHERE:

8091 Randolph Street
Hobart, IN
(219) 942-5590
